W. T. GRANT COMPANY

1441 Broadway, New York 18, N. Y.

TO THE STOCKHOLDERS:

This is our 49th annual report to stockholders. In addition to these comments, it presents the results for the fiscal year ended January 31, 1956, comparative financial statements, and the report of Ernst & Ernst, independent public accountants appointed by the Board of Directors.

SALES — Sales for the year reached a new all-time high of \$351,848,626, an increase of \$34,691,488, or 10.9% over 1954.

While the amount of this sales increase over a previous year is the largest in our history, it should be noted that it came entirely from new and enlarged stores opened during 1954 and 1955. Identical stores, which are stores that were in operation during the full years of 1954 and 1955, in total missed their 1954 sales by approximately \$200,000 or 0.1%.

The 1955 sales include sales of \$25,185,125 made under the customer installment account plan started in 1946 and now in operation in most of the stores. These sales accounted for 7.2% of total Company sales in 1955.

EARNINGS—Net earnings after taxes for 1955 were \$9,710,053 which, after dividends on the preferred stock, were equivalent to \$3.72 per share of common stock on 2,457,633 shares outstanding at the year end.

For 1954, net earnings were \$8,755,461 or \$3.36 per share of common stock on 2,438,628 shares outstanding at the end of 1954.

The earnings before federal income taxes were \$20,395,053 in 1955, or \$1,810,343 above the previous year's \$18,584,710, and were the highest in the Company's history.

The earnings for both years were computed on the LIFO method of valuing inventories.

TAXES — For the fiscal year 1955, the provision for Federal income taxes was \$10,685,000 which compares with \$9,975,000 for 1954. The 1955 tax provision was equivalent to \$4.35 per share of common stock, which compares with \$4.09 per share in 1954.

DIVIDENDS AND RETAINED EARNINGS — During the year, the regular quarterly dividends totalling \$3.75 per share were paid on the preferred stock. In addition, dividends totalling \$1.80 per share were paid on the common stock, which compares with \$1.50 per share paid in 1954.

After total dividends of \$4,970,822 paid during the fiscal year 1955, net earnings retained for use in the business were \$4,739,231 compared to \$4,544,696 in 1954.

The April 1, 1956 dividend paid on common stock was increased to 50 cents per share from the previous quarterly rate of 45 cents.

FINANCIAL POSITION — Working capital increased \$10,571,410 during 1955, as shown by the following schedule:

	<u>January 31, 1956</u>	<u>January 31, 1955</u>
Total current assets	\$83,247,852	\$69,163,333
Total current liabilities	26,123,136	22,610,027
Working capital	\$57,124,716	\$46,553,306

Working capital reflects the net reduction of \$2,474,000 in the Company's investment in land and buildings and also the reduction of \$3,874,000 in improvements to leased properties, principally accounted for by the sale and leaseback of such improvements at 9 locations under long-term leases. These transactions are in accordance with the Company's policy of limiting investment in fixed assets as much as possible to furniture and fixtures.

Merchandise inventories on hand and in transit at January 31, 1956, totalled \$60,819,730 or \$15,143,104 above last year. While most of the increase is accounted for by new and enlarged stores and sales plans for February, and March which benefits this year from the earlier Easter on April 1, 1956, the inventories were higher than planned and steps have been taken to bring them into line with normal requirements.

CAPITAL PROGRAM — During the year, the Company completed 79 major capital program projects, compared to 51 in the previous year. The 1955 program included the completion and opening of 61 stores in new communities, of which 34 were in park-and-shop and 27 were in down-town locations. In addition, 15 stores were enlarged and reopened on relocated or existing sites and 3 stores were modernized. At end of this report, there will be found a list of the new communities where W. T. Grant stores were opened during the fiscal year.

The cost of the 1955 capital program, for construction and equipment, was approximately \$11,900,000. Of this total, owners repaid or will repay after completion of construction approximately \$4,800,000, so that the net cost of the 1955 capital program to the Company was \$7,100,000 which compares with \$6,300,000 in 1954.

On January 31, 1956, there were 574 stores in operation, including 3 temporarily closed while under construction. A year ago, there were 520 stores, including 3 that were temporarily closed. The net increase of 54 stores is accounted for by the 61 new stores opened in 1955, less 7 stores that were permanently closed.

At the year end, construction had started on 51 projects for 1956 occupancy. This includes 38 new park-and-shop and 2 new down-town stores; 10 existing stores to be enlarged on relocated or existing sites, mostly in new buildings; and a new distribution center in Ft. Wayne, Indiana. Currently, we estimate that the 1956 net capital program costs will approximately equal those of 1955.

PERSONNEL AND ORGANIZATION — At the year end, there were approximately 27,800 employees including part-time people. This compares with 24,600 last year.

Salaries and wages for 1955 amounted to \$59,759,495 which is \$6,297,587 above 1954. In addition, other employee benefits amounted to \$3,636,172, compared to \$3,554,382 in 1954. Included in the other benefits, there was \$1,195,878, contributed by the Company to the retirement plan, compared with \$1,383,414 for 1954; and \$1,809,317, compared with \$1,585,308 for 1954, of social security taxes paid to various state and the federal governments for future employee benefits.

Thus, for 1955, salaries, wages, and other benefits amounted to \$63,395,667 or 11.2% above the \$57,016,290 in 1954. The 1955 amount was equivalent to 18.0 cents of each sales dollar, which is the same as in 1954. During 1955, the Company made better progress in controlling this expense element by procedure simplification and control of pre-opening payrolls at new stores.

During the latter part of 1956, the Company expects to open a new distribution center that is now under construction in Fort Wayne, Indiana. This second warehouse, in addition to the one already operating at Metuchen, New Jersey, is expected to improve the Company's merchandising in its mid-west and southern stores.

In view of the steady expansion program, it is pertinent to note that we are not experiencing unusual difficulty in the recruitment and training of people for future managerial positions.

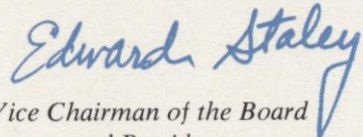

After thirty-one years of fine service with the Company, John G. Byler, Financial Vice President, retired on June 1, 1955 and was elected Executive Director of the Grant Foundation by its Trustees. Mr. Byler will continue to serve as a member of the Company's Board of Directors.

OTHER COMMENTS — We are especially appreciative of the contributions made by our suppliers and our employees, as it was their cooperation that produced the generally satisfactory results for 1955.

We believe that the year 1956, which will be our 50th year, will be a most challenging one and more competitive than 1955 in the retail industry. With the continued cooperation of our suppliers and the fine spirit and loyalty of our employees, we believe 1956 will be another good year for the Company. Our goal continues to be to sell more merchandise to more people, at a reasonable profit; and to maintain a steady program of expansion.

Chairman of the Board

*Vice Chairman of the Board
and President*

(See notes to financial statements.)

notes to financial statement . . . January 31, 1956

NOTE A — The financial statements reflect adoption as of January 31, 1950 of the LIFO method of determining cost of inventories. The Company's claim to the right to use LIFO retroactively to 1941 is still pending, and the accompanying statement of financial position includes the amount of \$1,635,000 for taxes recoverable by the Company if retroactive LIFO is not sustained, and the reserve of \$3,214,118 for reduction in inventory valuation, less tax refunds, if retroactive LIFO is sustained. The balances in both of these accounts result from the accounting adjustments which reflect the adoption of LIFO as of January 31, 1950. The balance in the account for taxes recoverable was increased in October 1955 by \$367,000 as a result of payment of the liability (previously treated as a reduction of this account) for additional taxes for 1949 attributable to the adoption of LIFO as of January 31, 1950. Except for this change, these balances have remained unchanged, as adjustments for 1950 to 1955, inclusive, which would be applicable only in the event that retroactive LIFO is sustained, have been relatively immaterial. A more detailed explanation appeared in the notes to financial statements in the report for the fiscal year ended January 31, 1951.

NOTE B — The investment in Zeller's Limited consists of 190,500 shares of common stock. The Company has agreed to purchase between January 1, 1956 and February 1, 1960, from Walter P. Zeller and his associates an additional 184,500 shares at \$18.25 (Canadian) per share. The sellers may elect to receive, in lieu of cash, presently authorized but unissued shares of the Grant Company's Common Stock at the ratio of 1 share for each 2 shares of Zeller's common stock (representing a maximum of 92,250 shares of Grant Company's Common Stock). Inasmuch as the 184,500 shares are in escrow with the voting rights vested in the Company, it has voting control of 50% of Zeller's common stock. During 1955, the Company received \$193,641 in dividends on its investment in Zeller's common stock.

NOTE C — The amount shown for the reserve for deferred contingent compensation at January 31, 1956 represents (a) to the extent that allotments are contingently distributable in Common Stock of the Company, the cost to the Company of 5,900 shares of its Common Stock held for this purpose, plus (b) provision for 819 additional shares at the January 31, 1956 market price, plus (c) the total of all participants' contingent cash allotments, which for each currently employed participant, is less than the year end market price of one full share. For the fiscal year 1955, the amount charged to earnings for this purpose was \$55,154.

NOTE D — In accordance with the practice followed since inauguration in 1946, gross profits on sales on the installment basis are reflected in the financial statements of the Company when the sales are made, whereas for federal income tax purposes, such gross profits are reported as income as collections are received. At January 31, 1956, approximately \$1,867,000 for deferred federal taxes on installment sales is included in current liabilities.

NOTE E— The 3¾ % Cumulative Preferred Stock is redeemable at the Company's option in whole or in part at \$100 (par value) per share plus accrued dividends to date of redemption.

So long as any of the Cumulative Preferred Stock remains outstanding, there are certain restrictions with respect to payment of dividends (other than stock dividends) on, and purchase of, Common Stock. At January 31, 1956, approximately \$57,000,000 of earnings retained for use in the business was free of such restrictions.

NOTE F— Under the Employees Stock Purchase Plan, as amended, there was authorized the issuance of not more than 293,935 shares of unissued Common Stock to be offered to employees under the Plan.

The total offerings made to January 31, 1956 covered 175,125 shares, net after cancellations due to terminations of employment, leaving 118,810 shares available for future offerings.

At January 31, 1956, of the 175,125 shares offered, the Company had entered into contracts for the sales, on a deferred payment basis, of 163,205 shares at approximate market prices at dates of contracts, aggregating \$4,921,180, and the remaining 11,920 shares were subject to acceptance within two years after the offerings.

At January 31, 1956, 82,425 shares had been fully paid for and issued and the unpaid balance for the remaining 80,780 shares amounted to \$2,401,346.

NOTE G— At January 31, 1956, the Company was lessee of real property under 601 leases expiring subsequently to January 31, 1959, at aggregate annual minimum rentals of approximately \$12,771,000 (exclusive of taxes and other expenses payable under terms of certain of the leases). This amount includes approximately \$5,019,000 minimum annual rentals under 200 leases which were on a percentage of sales basis with specified minimum annual rentals, but does not include any amount for 18 leases which were on a percentage of sales basis without any specified minimum annual rentals.

auditor's report

TO THE BOARD OF DIRECTORS,
W. T. GRANT COMPANY,
NEW YORK, N. Y.

We have examined the statement of financial position of W. T. Grant Company as of January 31, 1956, and the related statement of operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statements present fairly the financial position of W. T. Grant Company at January 31, 1956, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

ERNST & ERNST

NEW W. T. GRANT STORES IN 1955

During the year, stores were opened in these 61 new communities:

park and shop locations

Akron, Ohio
(Fairlawn Plaza)

Appleton, Wisc.

Baltimore, Md.
(Loch Raven)

Bridgeville, Pa.

Buffalo, N. Y.
(Falls Blvd.)

Canton, Ohio
(Canton Plaza)

Canton, Ohio
(McKinley)

Columbus, Ohio
(Great Western)

Concord, Calif.

Dallas, Texas
(Oakcliff)

Decatur, Ga.

Erie, Pa.
(Liberty)

Freeport, Texas

Greensburg, Pa.

Hamden, Conn.

Houston, Texas
(Merchants Park)

Houston, Texas
(Lakewood)

Irondequoit, N. Y.

Lakewood, Calif.

Miami, Fla.
(Biscayne Blvd.)

Modesto, Calif.

National City, Calif.

Orlando, Fla.

Phoenix, Ariz.

Redwood City, Calif.

St. Matthews, Ky.

Salt Lake City, Utah
(Sugarhouse)

San Diego, Calif.
(Clairemont)

Santa Fe Springs, Calif.

Santa Rosa, Calif.

Spokane, Wash.
(North Town)

Syracuse, N. Y.
(Northern Lights)

Toledo, Ohio
(Glass Mile)

Tracktowne, Pa.

downtown locations

Bristol, Conn.

Chico, Calif.

Cleveland, Ohio
(Euclid)

Dearborn, Mich.

Elmhurst, Ill.

Eugene, Ore.

Ft. Pierce, Fla.

Freeport, Ill.

Greenville, Mich.

Hayward, Calif.

Kansas City, Kan.

Lexington, N. C.

Louisville, Ky.

Marion, Ill.

Martinsville, Va.

Massena, N. Y.

McCook, Nebr.

Miami, Fla.
(Allapatah)

Miami, Okla.

Moses Lake, Wash.

Mt. Pleasant, Mich.

Pittsburgh, Pa.

Prichard, Ala.

Salem, Ore.

Santa Ana, Calif.

Tuscaloosa, Ala.

Yakima, Wash.

Toledo, Ohio

MORE PARK-AND-SHOP STORES COMING...

In 1955 the majority of new W. T. Grant stores opened were in park-and-shop communities.

Our first store of this type was opened in Buffalo (Amherst), N. Y. in 1941. At the end of 1955 the company was operating 61 stores in park-and-shop centers from coast to coast.

It is planned to continue our emphasis on park-and-shop stores in 1956.

San Diego, Calif.

W. T. GRANT CO., 1441 BROADWAY, NEW YORK, N. Y.
